

**Thank you for your purchase!** At MSW® we believe having essential accessories makes a good bike ride great. The MSW Coiled Cable with Keyed Lock provides temporary or added security for quick errands or in conjunction with a higher security primary lock.

**⚠ WARNING:** CYCLING CAN BE DANGEROUS. BICYCLE PRODUCTS SHOULD BE INSTALLED AND SERVICED BY A PROFESSIONAL MECHANIC. NEVER MODIFY YOUR BICYCLE OR ACCESSORIES. READ AND FOLLOW ALL PRODUCT INSTRUCTIONS AND WARNINGS INCLUDING INFORMATION ON THE MANUFACTURER'S WEBSITE. INSPECT YOUR BICYCLE BEFORE EVERY RIDE. ALWAYS WEAR A HELMET.

**⚠ WARNING:** No bicycle lock is theft-proof. Cable locks offer security in the form of a deterrent, and should be used in conjunction with situational awareness for more effective protection. Cable locks should only be used for brief stops where the bicycle will not be left alone for extended periods of time. Use secure bicycle parking if you can and avoid leaving the bicycle in isolated or dimly lit areas. Secure the bicycle to an immovable object such as a bike rack or street furniture. For best results, run the cable through both wheels as well as the frame if possible.

### COMPATIBILITY AND INTENDED USE

The MSW Cable Lock with Key is intended to be used in addition to a lock with a high security rating or as a deterrent during brief stops where the bicycle will not be unattended for long periods of time. It can be used as added security for wheels or on automobile racks as well.

The lock bracket included with the 12mm cable is intended to be used on round frame tubing with a diameter up to 1-1/8".

### TOOLS

4mm hex wrench

### BRACKET INSTALLATION (Included with 12mm Cable Only)

**⚠ WARNING:** Do not mount the bracket and lock near moving parts like wheels and gears. Doing so could cause the lock and or bracket to become entangled which could lead to a crash, serious injury to the rider, or damage to the bicycle.

Place the bracket on the frame or seatpost away from moving parts. With a 4mm hex wrench, tighten the bracket nut and bolt until secure.

### LIMITED 2-YEAR WARRANTY

MSW warrants this new MSW product against defects in materials and workmanship for two (2) years from the original date of retail purchase by the consumer. This limited warranty is expressly limited to the repair or replacement of the original product, at the option of MSW, and is the sole remedy of the warranty. This limited warranty applies only to the original purchaser of the MSW product and is not transferable.

In no event shall MSW be liable for any loss, inconvenience or damage, whether direct, incidental or consequential or otherwise resulting from breach of any express or implied warranty or condition of merchantability, fitness for a particular purpose, or otherwise with respect to this product except as set forth herein. This warranty gives the consumer specific legal rights, and those rights and other rights may vary from state to state.

This warranty does not cover the following:

- Damage due to improper assembly or follow-up maintenance or lack of skill, competence or experience of the end user
- Products that have been modified, neglected, used in competition or for commercial purposes, misused or abused, involved in accidents or anything other than normal use
- Damage or deterioration to the surface finish, aesthetics or appearance of the MSW product
- Normal wear and tear
- Labor required to remove and/or refit and re-adjust the product within the bicycle assembly
- Installation of components, parts, or accessories not originally intended use with or compatible with MSW products

TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

### WARRANTY PROCESS

If you and your shop think your MSW product is worthy of a warranty inspection, please return the product to the original place of purchase, accompanied by a sales receipt.
