PATCH KIT GPK-100

▲ WARNING: A patch is only a temporary repair. Although a patched tube will accept air, it will be less reliable, could lose air again, and potentially lead to a loss of control resulting in a crash causing serious injury or even death.

DIRECTIONS

- Lightly rough up the tube in the area with the puncture with the included sandpaper
- Clean the area to be patched
- Apply patch
- Reinstall and inflate to manufacturer recommended tire pressure
